### Participation Certificate – Invention Factory® India 2023

This is to certify that **Madhvi Dubey**, a student of the **IIT Kharagpur**, participated in Invention Factory® India 2023 held at IIT Gandhinagar. The Invention Factory® programme, an initiative supported through a generous donation by the Maker Bhavan Foundation USA, is an intensive summer programme in inventing, which was held during the period June 5, 2023, to July 14, 2023, where 19 students selected from 7 Indian Institutes of Technology (IITs) and 4 National Institutes of Technology (NITs) participated in six weeks of training in ideation, innovation, intellectual property understanding, protection etc. at the IIT Gandhinagar premises.

Madhvi Dubey was involved in the invention related to “*Bra Integrated Breast Pump with milk Cooling Container*”.

With best regards,

Prof Madhu Vadali  
Coordinator, Invention Factory @ IITGN  
Indian Institute of Technology Gandhinagar
